

**Application Guide for International Chinese
Language Teachers Scholarship 2021 of Chinese +
Mechanical Design and Manufacture and Automation
Changsha University of Science & Technology**

In the development of more than 60 years, Changsha University of Science & Technology (CSUST) distinguishes itself as an engineering-centered multidisciplinary university, integrating engineering, science, management, economics, philosophy, liberal arts and law, with a stronghold in undergraduate education and a capacity of post-doctoral of science and research workstation, conferment of doctoral degrees and master degree. CSUST sticks to the opening policy in its education and has widely explored international cooperation and exchange.

Designated by Ministry of Education, CSUST is one of the host institutions of international students funded by Chinese Government Scholarship and International Chinese Language Teachers Scholarship. CSUST has three Confucius Institutes jointly operated with University of Montenegro, University of Liberia, and University Malaysia Sabah.

Changsha is known for its beautiful landscapes, local cuisine, famous historic and cultural sites, and entertainment & media centers, etc. Located in the central position of Integration of Changsha-Zhuzhou-Xiangtan, CSUST is regarded as one of the most beautiful campuses in China.

Center For Language Education And Cooperation (CLEC) cooperated with Changsha University Science & Technology to establish The International Chinese Language Teachers Scholarship of Changsha University Science & Technology. On the basis of the original enrollment, CSUST will enroll 20 undergraduate “Chinese + Mechanical design and manufacture and automation” lectured in Chinese, with four-year study duration. Students who accomplish the undergraduate programs of Mechanical design and manufacture and automation stipulated by the training plan with qualified standings will be allowed to graduate and be conferred the Bachelor’s degree of

Engineering. CSUST welcomes students who are committed to the field of Mechanical design and manufacture and automation to apply for the scholarship.
